TASTING NOTE

Sparkling red wine, naturally deep purple-red in colour. This year's vintage is a juicy, warming, fuller-bodied fruit-fest thanks to the long hot summer of '22. Sweeping soft swathes of sun-kissed raspberries jig with vibrant ripe hedgerow fruits on the nose and palate.

SERVE

Lightly chilled at 13°C. Drink now to two years.

WINEMAKING

Rondo was handpicked in early October then crushed and destemmed. Soaked on skins for 5 days, one punch down. Fermented in a stainless steel tank on the lees, bottled by hand by gravity in the spring. Made in the Col Fondo Italian ancestral method of re-fermentation in the bottle without disgorgement.

Wild ferment with indigenous yeast

No added sulphur

No filtration

No fining

Suitable for vegans
